ABOUT ME

Hello, I am an aspiring 20-year-old UI/UX designer and web application developer currently studying at Mapúa University. I am passionate about creating applications that align with a brand's identity, ensuring each project embodies its core values and vision. I am eager to pursue varied experiences that will help me grow and support my educational goals.

RECENT WORK EXPERIENCE

FREELANCE | WEBSITE APPLICATION DEVELOPER
Ben Cladding (May 2024 – August 2024)

• Developed a comprehensive content management system (CMS) tailored for the construction industry, enabling seamless article/project management and content updates.
• Implemented an advanced search functionality to improve accessibility and navigation for users.
• Designed the website with a focus on responsiveness and a smooth user experience, optimizing it for both desktop and mobile users.
• Integrated a contact form with backend handling for real-time inquiries and client communication.

FREELANCE | WEBSITE DESIGNER
Greenviro (December 2023 - January 2024)

• Designed a visually appealing e-commerce website, ensuring easy product navigation and enhanced customer engagement.
